描述
科室要求我们尽快配合这个内容改动

科室小结部分需要做出修改
目前我们接口传值有问题需要做出调整

需要在图片标识的字段中新增一个 summary 去存放：压偏低;肥胖（当前检查项目的所有小结）

需要在examItemInfos 中 examItemSummary 根据 examItemId =90002 去匹配检查子项的小结

The screenshot shows a web interface for a health management platform. On the left, there is a form for '体检检查' (Physical Examination) with a 'summary' field highlighted in red. A red arrow points from the text '新增字段 summary' to this field. Below the form, a '所见' (View) section shows '小结: 血压偏低;肥胖' (Summary: Blood pressure is low; obesity), which is also highlighted in red. A green arrow points from the text '根据 examItemId =90002 去匹配检查子项的小结' to this summary. On the right, a Navicat Premium window shows a SQL query result table with columns: RptItemCocFindings, Summary, ImagePic, Result, OrderNur, RptSubItemCode, and RptDoctor. The table contains several rows, with the first row having '59' in RptItemCocFindings and '(Null)' in Summary. The second row has '(Null)' in RptItemCocFindings and '血压偏低' in Summary. The third row has '(Null)' in RptItemCocFindings and '肥胖' in Summary. The fourth row has '36.5' in RptItemCocFindings and '(Null)' in Summary. The fifth row has '000002' in RptItemCocFindings and '肥胖;' in Summary. The sixth row has '000002' in RptItemCocFindings and '腹部肥胖' in Summary. The seventh row has '000002' in RptItemCocFindings and '体型较胖;' in Summary. The eighth row has '000002' in RptItemCocFindings and '体型较胖' in Summary.
